As with many other table games at casinos, betting systems can be applied to reduce the losses you'll make from a game, and hopefully also increase your winnings.

This strategy is very simple, and basically involves choosing to consistently bet on either the player or banker.

You should continue to do this until you've lost three times.

At this point, you should stop and wait until your choice starts to win again, before resuming betting.

When using this strategy, it's good to have a target for how much you'd like to win, so you know when to end your game.

The Paroli strategy is one of the few positive betting systems, where you increase your bet each time you win.

The sequence of bets is 1-2-4, and after the third win you'll go back to 1 and restart.

There really isn't much more to it.
