Differ from Amazon's shopping app

If you want to apply to several Amazon regions, you will need to repeat the registration process for each location. For example, if you're going to promote products on Amazon.com in the US and UK, you'll need to enroll in the Amazon Associates program on Amazon.com and Amazon.co.uk respectively.

how to Create Amazon Affiliate Links

If you download a product image directly from Amazon, you can't host it on your server. But, if you generate an image-and-link directly from the site or via the API, you can use the image on your marketing platforms as long as it loads from Amazon's servers.

"All of us are constantly terrified of never having enough money to survive

," he said. "It really is the most toxic industry."

To deliver a service of this scale and complexity, Amazon relies on a network of thousands of drivers. Rather than keeping these workers on its books, it manages them through what are called delivery service providers, small companies that handle groups of drivers, who work as self-employed independent contractors with no right to holiday pay, sick pay or the "national living wage". Hourly rates are on average just over £14.60 per hour about £2 an hour less, or 12% below, rates in October and November during the Black Friday and pre-Christmas rush. Some drivers say pay was cut back in December and others in January or February, despite a nationwide shortages of skilled workers. Drivers say they have been handed a pay cut equivalent to an average £20 a
