

# 1 to 1 replica bags

The popular "board game" is a mix of chance and strategy that invites family and friends to get together and root for a specific outcome of the game rather than a winner.

You'll need a 10x10 grid.

There are even online grids you can play on.

You'll need an extra row, both vertically and horizontally.

A winner will be chosen at the end of the first quarter, second quarter, third quarter, and fourth quarter.

The winner is decided by looking at the last number of each team's score, matching that number to a square on the grid, and seeing which square those two numbers are in.

How to pay out at football squares?

This depends on each group.
