Professional Seller Account

Are you a seller with your brand, wondering how to make money on Amazon the best

way possible? Then you should sell your own private label products. Independent

small businesses with an offline presence can also offer products through the p

ivate label selling model.

Both private labeling and selling wholesale require huge startup capital for pro

duct sourcing and shipping. And some prospective sellers may not be able to affo

rd it. This is where retail arbitrage serves as a perfect middle-ground solution

With Amazon FBA, AMZ handles inventory storage, order fulfillment, and customer

service for you. You send your products to a designated Amazon fulfillment cente

r. Then, when a buyer places an order, they pack and ship the product to the buy

er, handling customer support and returns.

If you have a large following on social media, you can join the Amazon Influence

r program, an extension of the Associate's program. As an Amazon Influencer,

you will recommend products to your audience on social media channels like Face

book, Instagram, or Tiktok. Just like the Associate's program, you earn a co

mmission when someone clicks on your storefront URL or affiliate link.
