One of the most tempting of these activities is Blackjack, which on paper, promises to be an easy source of money.

A guide to Blackjack in GTA Online

The goal is to get as close to 21 as the player possibly can, without going over (bust).

The player and the dealer each start out with two cards.

If the player goes over 21, then they are bust.

Blackjack tables in GTA Online are split into regular and high stakes tables.

The regular table supports a max bet of just \$5,000 while the high roller table supports bets of up to \$50,000.

Note: Blackjack and other gambling minigames may be unavailable in some countries due to local laws regarding the activity.
